

ISAPS CHINA COURSE

FACIAL REJUVENATION:
FROM MINIMALLY INVASIVE TO SURGICAL

FEB 28 - MAR 2, 2025

YUEXIU INTERNATIONAL CONFERENCE CENTER
GUANGZHOU CHINA

INVITATION

ISAPS CHINA COURSE

Dear Respected Colleagues,

I am honored to invite you to the ISAPS China Course Meeting, which will be held from Feb28-Mar2, 2025, at the GUANGZHOU YUEXIU INTERNATIONAL CONGRESS CENTER in Guangzhou China.

Plastic surgery represents the pinnacle of blending science with art. It requires a keen artistic eye and a commitment to pioneering new techniques and continuously improving outcomes through scientific innovation.

This meeting will assemble some of the foremost experts in plastic, aesthetic, and reconstructive surgery. They will share their insights on a range of procedures for the face and neck, including facelifts, neck lifts, from minimal invasive to surgical .

As the premier surgical event , it draws plastic surgeons, trainees, and other allied health professionals from around the globe. These attendees are eager to expand their knowledge, enhance clinical practices, and ultimately improve patient care and outcomes.

For generations, the International Society of Aesthetic Plastic Surgery (ISAPS) has provided education and growth opportunities for aesthetic and reconstructive plastic surgeons. Our event serves as a platform for presenting new ideas, research, and innovations in all facets of Facial and Cervical Aesthetic Surgery—whether reparative, reconstructive, rejuvenative, or regenerative.

We greatly value your participation, which supports the success of such events. I encourage you to enrich our conference by also taking part in the exhibition.

Your presence would be greatly appreciated, and I look forward to welcoming you.

Sincerely,
Shengkang Luo
Dr. Shengkang Luo MD, Ph.D
Professor of Plastic Surgery, Chief Plastic Surgeon
Department of Plastic and Aesthetic Surgery, Guangdong Second Provincial General Hospital, China

BRIEF AGENDA

DATE	ACTIVITY DETAILS	EVENING EVENT	CONFERENCE FEE
February 28	CADAVER DISSECTION + FACIAL 8-AREA SURGICAL DEMONSTRATION	ACADEMIC LECTURE	USD 150
March 1	ISAPS TEACHING COURSE	WELCOME DINNER (Additional Charge)	USD 300
March 2	ISAPS TEACHING COURSE	GANA DINNER (Additional Charge)	

REGISTRATION

FEB 28 - MAR 2, 2025

PRE-COURSE

The 2nd South China Minimally Invasive Aesthetic Medicine Congress
AGENDA 28th FEB 2025

Section	Time	Topic	Speaker	Moderator
The Main Venue Precise Anatomy & Demonstration	08:40-09:00	Opening Ceremony		Shengkang Luo
	09:00-10:00	Sculpted Contouring: HA & Botox Combination Treatment for Lower Face		Qin Li
	10:00-11:00	Auricular Aesthetics: Sculpting Injection for Auricular Contouring		Jianmei Huang
	11:00-12:00	Everlasting Firming: PDLA Injection for Full-Face Tightening		Wei Xia
	12:00-13:00	Nourishing rejuvenation: Collagen treatment for Perioral region		Wei Hong
	13:00-13:30	Lunch & Tea Break		
	13:30-14:30	Visual Highlight: CcTV Technique for Face Contouring and Lifting		Guangyu Chen
	14:30-15:30	Haute makeup: four zones & five Points “Re-point” Injection		Xia Dai
	15:30-16:30	Contour projection: I-O-C MOD outlines lifting		Zhongsheng Sun
	16:30-17:30	Enhancement Lifting: Midline(Eyebrow, Nose and Chin) Contouring		Yaolin Huang
The Main Venue The 20th Anniversary Ceremony of Plastic & Reconstructive Surgery, Guangdong Second Provincial General Hospital	18:00-18:20	Opening Ceremony & Welcome Remarks		Haibin Wang
	18:20-18:40	Trials and Hardships: 20-Years-Development of Plastic and Reconstructive Surgery Department	Shengkang Luo	
	18:40-19:00	Aging and Anti-aging:From Basic Research to Clinic	Zhenyu Ju	
	19:00-19:20	Auriolar Related Anatomy,Aesthetic and Filler Injection	Haibin Wang	
	19:20-19:40	The Prevention: Management of Complications	Zhongsheng Sun	
	19:40-20:00	Material Innovation:Injection Technique and Material Science	Youliang Zhang	
	20:00-20:20	Material Innovation:filler injection in European	Zhifeng Liao	
	20:20-20:50	Changes in Facial Anatomy	Sebastian Cotofana	

Last updated on February 17th, subject to the actual situation.

Highlights of the Conference

- 1. Fresh Specimen Dissection and Practical Operations: High-definition live broadcast of injection dissection.
- 2. Frontier Injection Technology Analysis: Injection experts and anatomists jointly analyze frontier injection technologies.
- 3. International Conferences and Literature Interpretation: Focus on international developments and future prospects, with interpretations of international conferences and literature.
- 4. Discussion of Clinical Frontline Injection Cases: Rich discussions on frontline clinical cases, exploring treatment plans from a clinical perspective.

Department of Plastic and Reconstructive Surgery , Guangdong Second Provincial General Hospital

The Department of Plastic and Reconstructive Surgery , Guangdong Second Provincial General Hospital is a key discipline of the hospital, boasting a strong team of Plastic and Reconstructive Surgery. The department currently has 6 chief physicians, 1 associate chief physician, and 5 attending physicians; 1 postdoctoral fellow, 6 doctors with doctoral degrees, and 7 with master's degrees, with 41% holding senior titles and 30% holding intermediate titles. They are rigorous in their approach and highly skilled, with extensive experience in breast augmentation, ear deformity correction, lip and nose deformity repair, scar repair, facial and ocular-plastic surgery, non-invasive injection beauty, cosmetic surgery, and skin beauty laser treatments. In particular, the department's breast augmentation and scar repair technologies have received significant funding from the National Natural Science Foundation and the Guangdong Provincial Science and Technology Plan Fund. The research on tissue engineering for keloid construction is a National Natural Science Foundation research project. Additionally, the center is a leading injection complication emergency treatment center in South China, with rich experience in handling injection complications.

ISAPS CHINA COURSE

ISAPS China Course 2025 1st Mar 2025

Section	Time	Topic	Speaker	Moderator
Opening Ceremony	08:30-09:00	Welcome Remarks Shengkang Luo / Paraskevas Kontoes / Ahmad Saad / Lee L.Q.Pu		Dan Li
Injectables & Beyond	09:00-09:20	Fractional CO ₂ laser peels and combined non surgical treatments for facial rejuvenation	Paraskevas Kontoes	Arthur Yu Lee L.Q.Pu
	09:20-09:40	Non-Surgical technique for face and neck rejuvenation: Microbotox and Microdroplet HA therapy	Woffles Wu	
	09:40-10:00	Ageing changes in the facial skull	Sufan Wu	
	10:00-10:20	New insight into the anatomy of facial ligaments	Shengkang Luo	
	10:20-10:40	Discussion		
	10:40-10:50	Tea Break		
	10:50-11:10	A safe and most effective filler injection method for nose tip improvement	Arthur Yu	Woffles Wu Ahmad Saad
	11:10-11:30	Oriental aesthetics and filler injection: the future trend	Haiyan Cui	
	11:30-11:50	Auricular related anatomy, aesthetics and filler injection	Shengkang Luo	
	11:50-12:10	Anatomical logic of material selection for facial injections	Sufan Wu	
	12:10-12:30	Discussion		
	12:30-13:40	Lunch & Tea Break		
Minimally Invasive Procedures	13:40-14:00	35 years of Asian Periorbital Surgery–What works and what doesn’t	Woffles Wu	Lee L.Q.Pu Paraskevas Kontoes
	14:00-14:20	Lower blepharoplasty with Mid Cheek Lift	Chin Ho Wong	
	14:20-14:40	Biplanar, bidirectional PDO thread facelift using deep plane facelift principles	Arthur Yu	
	14:40-15:00	Vertical plication of the anterior facial fat:The Delta facelift	James Grotting	
	15:00-15:20	Discussion		
	15:20-15:30	Tea Break		
Ancillary Procedures for Facial Rejuvenation	15:30-15:50	The Single Suture Traction Technique (SSTT): A multifunctional canthopexy that should be applied in every blepharoplasty	Paraskevas Kontoes	James Grotting Woffles Wu
	15:50-16:10	The innovation of fibre-optical lipolysis for scarless eye bag plasty	Haiyan Cui	
	16:10-16:30	Why brows should be fashioned, not lifted	Chia Chi Kao	
	16:30-16:50	The gliding browlift: how does it hold up over time?	James Grotting	
	16:50-17:10	Discussion		
	19:30-21:30	Wine Party		

Last updated on February 20th, subject to the actual situation.

ISAPS CHINA COURSE

ISAPS China Course 2025 2nd Mar 2025

Section	Time	Topic	Speaker	Moderator
Opening	08:30-08:40	Welcome Remarks		Shengkang Luo Ahmad Saad
The State of Facial Rejuvenation	08:40-09:00	Surgical approach to facial rejuvenation in Asians: indications, safety, and outcome	Lee L.Q.Pu	Paraskevas Kontoes Ahmad Saad
	09:00-09:20	The vertical suspension suture lifting for face and neck rejuvenation	Woffles Wu	
	09:20-09:40	Ponytail Lift & Facelift : A Scarless Facial Beautification and Rejuvenation perfect for the Asian face	Chia chi Kao	
	09:40-10:00	Contemporary facelift (video,30:15)	Timothy Marten	
	10:00-10:20	Discussion		
	10:20-10:30	Tea Break		
Endoscopic & Non-endo-scopic in Facelift	10:30-10:50	Endoscopic brow & midface lift: a minimally invasive alternative	Ahmad Saad	Chin Ho Wong Chia Chi Kao
	10:50-11:10	Scarless non-endoscopic midface lift	Lee L.Q.Pu	
	11:10-11:30	Upper lip lift, why and how(Video,24:30)	Timothy Marten	
	11:30-11:50	Endoscopic Forehead and Midface Lift	Jung Wu	
	11:50-12:10	Discussion		
	12:10-13:10	Lunch & Tea Break		
The Art in Facelift	13:10-13:30	Demystifying the Deep Plane Facelift in Asian Patients	Chin Ho Wong	Ahmad Saad Chin Ho Wong
	13:30-13:50	Finesse in upper lip lift and non-incisional corner lift	Chia chi Kao	
	13:50-14:10	Endoscopic facelift surgery–30 years experience	Jung Wu	
	14:10-14:30	Vertical superior vector suspension of the anterior mobile face with the V placcation facelift: A volumization and lifting technique	Paraskevas Kontoes	
	14:30-14:50	Discussion		
	14:50-15:00	Tea Break		
Aesthetic Plastic Surgery Journal Best Paper Award	15:00-18:30	Aesthetic Plastic Surgery Journal BEST Paper Competition Judge: Yang An / Haiyan Cui / Dan Li / Chunjun Liu / Shengkang Luo / Feng Lu / Sufan Wu / Nanze Yu		Lee L.Q.Pu
	19:00-21:00	Dinner & Awards Ceremony
